**Paris Nord Villepinte, France**

Autumn-Winter 2026-2027

**Alliance for European  
Flax-Linen & Hemp**

# **Edito**

## **Autumn-Winter 26-27: Linen Intelligence sets the tone and strikes a fine balance between innovation and creativity.**

Introducing Linen in Winter goes beyond making it stylish or desirable — it's a bold, creative choice that stands out from the crowd. Yet, with mid-seasons becoming longer and more significant, Linen is finding a relevant place. Autumn months call for clothes that are easy to wear, comfortable, and made to last - less driven by fleeting trends and more by quality and longevity and noble fibers like Linen. This shift toward trans-seasonal wardrobe is pushing yarn and textile development forward. Fabrics are specifically designed, with more variety than ever. Textures and touches enhance the sensory experience and highlight Linen's natural thermoregulating properties — confirmed by scientific research. While innovation and boldness lie in spinning, weaving, and finishing, the color palettes and patterns remain familiar, anchored in classic winter codes.

**Linen's intelligence reveals itself in the clever alliance between its noble character and a bold, contemporary vision.**

## **L'automne-Hiver 26-27 s'écrit autour du thème « Linen Intelligence » en équilibrant innovation et création.**

Proposer du Lin en hiver dépasse le simple fait de le rendre desirable et tendance. Sa présence même est un parti pris audacieux, créatif et fortement différenciant. Toutefois, les demi saisons gagnant en importance et en longueur, le Lin y trouve une place légitime. Les mois d'automne sont propices aux vêtements confortables, faciles à vivre. Moins soumis aux diktats des épiphénomènes de mode, ils sont plus souvent choisis pour leur qualité et leur durabilité. Ces usages transaisonnisés stimulent les propositions fils et textile, de plus en plus diversifiées et développées à cet effet. Les aspects et touchers créent de nouvelles expériences sensorielles qui mettent en valeur les qualités thermorégulatrices de la fibre, validées et prouvées par des études scientifiques. Si les innovations et les surprises sont dans la filature, les tissages et les finissages, les couleurs et les dessins jouent la familiarité, avec les archétypes hivernaux bien identifiables.

**L'intelligence du Lin s'exprime dans une recherche de symétrie entre sa noblesse intrinsèque et une ambitieuse modernité.**

**NEW**

# Evolution of the Alliance certifications

The European Flax™ fibre certification of traceability and origin becomes **Masters of FLAX FIBRE™**. The implementation is phased in from September 2025. Spearheading an exceptional European value chain, the Alliance's pioneering certification **Masters of LINEN™** is strengthened from September 2025.

**NEW**

# European Flax-Linen Traceability Platform

The digital traceability platform for certified Flax-Linen has been launched!

## FLAX-LINEN TRACEABILITY PLATFORM

*European Certified Fibres to Retail*

by TextileGenesis - Lectra

For the fashion industry, which is geographically fragmented and involves numerous intermediaries and several stages of development, the issue of product traceability and environmental impact also represents a key challenge for the future of the sector as a whole. Without a dedicated support tool, the path forward would be chaotic and filled with obstacles.

In 2020, within the framework of the roadmap established by the French government's Strategic Committee for the Luxury Fashion sector, the Flax-Linen industry volunteered to lead and coordinate a Europe-wide Flax-Linen pilot project and to test digital traceability in real-life conditions using a dedicated solution.

After three years of experimentation and co-construction with all the stakeholders involved, supported by the robust foundation provided by the Masters of LINEN™ and Masters of FLAX FIBRE™ certifications, the Alliance has co-developed an innovative digital traceability solution, from the fibre to the finished product.

This digital platform enables certified materials to be tracked from fibre to retail distribution via a tokenised blockchain system (Fibercoins™). It validates the authenticity of certified materials by providing proof of origin throughout the value chain. In tangible terms, it enables retail brands to map every stage and location of production, guaranteeing total transparency throughout the supply chain.

**The Masters of FLAX FIBRE™ and Masters of LINEN™ certifications, whose standards are audited by a thirdparty certification body, are an inseparable aspect of the digital traceability provided by this new secure token and blockchain system.**

# LATEST STUDY: Biodegradation of Flax-Linen fibres in marine conditions

In response to growing concerns about the environmental impact of microfibers from textiles or plastics (sources of marine pollution), the Alliance has initiated a study into the biodegradability of Flax-Linen under marine conditions. This initiative is in line with ongoing efforts to assess the environmental footprint of Flax fibres.

Carried out in partnership with **HYDRA Marine Sciences**, a benchmark laboratory in aquatic research, the study assessed Flax-Linen capacity to biodegrade in marine sediments, where fibres from domestic washing can end up.

**Biodegradability in this marine environment has been now proven, this property has been added to the list of functional and environmental characteristics.**

Available in open source on our website via the media library, feel free to download it!

# Key figures in European Flax-Linen & Hemp fibre production

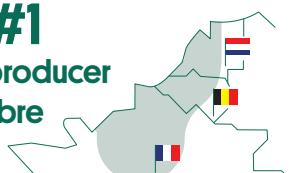

## FLAX

### 3/4 of the world's long\* fibre

are produced in France, Belgium and the Netherlands\*

\*Long fibres: the main product of scutching, used in the textile industry

**Europe #1  
global producer  
of Flax fibre**

+106% increase in Flax growing area from 2015 - 2025

 **116,000 tonnes  
of long fibres in 2024**  
[incl. 100,000 tonnes in France]

### 200,000 hectares in Europe

#### of Flax in 2025

[of which 88% in France: 176,000 hectares]

Today, Flax fibres\* account for  
**<0,5% of global textile fibre production**

\*Long fibres + short fibres

**1 hectare of  
european Flax**

=

900 kg of yarns  
or 3,750 m<sup>2</sup> of fabrics  
or 4,000 shirts  
or 450 sets of bed linens  
or 1,375 chairs made  
of composite Flax

## HEMP

### China

**#1  
global  
producer**

with  
**65,000 hectares**  
of Hemp for all uses  
in 2024

including  
**27,000 hectares**  
of Hemp textile under  
cultivation in 2024

### Europe

**#2  
global  
producer**

with  
**63,000 hectares**  
of Hemp for all uses  
in 2024

in Europe  
**+12 countries**  
grow Hemp textile  
in 2021

### France

**#1  
producer  
in Europe**

with around  
**23,600 hectares**  
of Hemp for all uses  
in 2024

including at least  
**2,600 hectares**  
of Hemp textile under  
cultivation in 2024

# LOVE LINEN services

Primarily intended for brands certified as Masters of FLAX FIBRE™ and/or Masters of LINEN™.

## OBJECTIVE:

To support the gradual integration of certified Flax-Linen into collections through an omnichannel marketing strategy.

## TARGET AUDIENCE:

Creative brands with an international dimension.

## FORMATS OFFERED:

Individual or group support.

## TOPICS COVERED:

**CSR:** certifications, traceability, environmental footprint

**Sourcing:** Linen & Hemp Dream Lab

**Experiences:** workshops, Flax-Linen immersive days, training courses

**Communication & image:** content creation, merchandising, promotional campaigns in department stores

**Cultural partnerships, festivals**

## MEETINGS AT LINEN DREAM LAB PARIS

About 100 meetings per year in our exploratory showroom dedicated to creativity and all textile innovations with brands, journalists and influencers.

## LINEN EXPERIENCES

From April to September, we give the opportunity to brands, prescribers, journalists and influencers to meet the women and men who grow and transform Flax-Linen in Normandy, Hauts de France and Belgium.

## FLAX-LINEN TRAINING

A dedicated format led by an expert specially designed for creative, CSR, R&D, sourcing, product and marketing teams.

An opportunity to learn more about the industry and understand the benefits of certifications.

## RETAIL CAMPAIGNS

Our marketing and CSR expertise at the service of more than 40 fashion or lifestyle brands that integrate Linen in their collections.

A support program which includes communication tools (in stores and online sales).

## TRADE FAIRS

Share our CSR news, unveil seasonal textile and technical innovations, and provide close support for sourcing.

France, Italy & United Kingdom  
Fashion, Design, CSR & Technic

## FLAX-LINEN AS A FIBRE OF CIVILISATION

Linen Book  
Editions Actes Sud

Carrés de Lin  
Hameau de la Reine - Versailles

## CULTURAL EVENTS

Fashion Festival  
Design Parade

Une histoire de la mode  
Palais Galliera

Luxes  
Musée des Arts Décoratifs  
Paris

## RESEARCH & STUDIES

Strategic reflections and research on our fibers to provide economic, environmental and scientific data that are evidence-based and reliable.

# Trends AW 26-27

## Simple & elaborated

**At the crossroads  
of craft art and design**  
Clean visuals, enhanced  
tactile feel

**À la croisée de l'artisanat  
d'art et du design,**  
des visuels nets  
et des sensations  
tactiles augmentées.

©Dior Fall-Winter 2025

## Cool & cosy

**Giving Linen a palpable winter identity**  
enhance the naturally thermoregulating qualities of fiber through dense weavings, fluffy knits and warm touches.

**Donner au Lin une identité hivernale palpable**  
et pousser les qualités naturellement thermorégulatrices de la fibre par les tissages denses, les mailles moelleuses et les touchers chaleureux.

©Nikoleta Dimova  
Faba-Forma: 3D printed  
bean waste for interiors

# Plain & Fancy

## A stimulating ambiguity

blurred, almost hazy Linens  
for random and unique  
results, which seem alive  
and vibrant.

## Ambiguité stimulante.

Des Lins brouillé, à la limite  
du flou pour des résultats  
aléatoires et uniques,  
qui semblent vivants  
et vibrants.

©Sacai Fall-Winter 2025 - Look 22

©Uma Wang Fall-Winter 2025

# Chaotic & chic

## Natural chaos meets the rigor of constructions.

Bumpy surfaces,  
exaggerated  
irregularities, marked wear  
and tear draw an 'arty'  
elegance imbued with a  
calculated nonchalance

## Entre chaos naturel et rigueur des constructions.

Surfaces chahutées,  
irrégularités exagérées,  
usures marquées dessinent  
une élégance « arty »  
empreinte d'une  
nonchalance experte.

# About

# À propos

Alliance for European  
Flax-Linen & Hemp

The Alliance for European Flax-Linen & Hemp is the only European agro-industrial organization that serves as a global reference and brings together all players in the European Flax-Linen and Hemp value chain.

The Alliance for European Flax-Linen & Hemp has a three-fold mission of informing members, brands, and consumers, supporting the European ecosystem and European expertise, and promoting European Flax-Linen and Hemp as the preferred sustainable fibres worldwide. It connects 10,000 businesses in 16 European countries and bases its work on the values of solidarity, innovation, scientific validation, and respect for people and planet.

It strives to increase the international visibility of European Flax-Linen and Hemp, whose technical and environmental properties inspire global creation and open up new opportunities for industrial innovation. It guarantees the traceability of Flax fibre thanks to the Masters of FLAX FIBRE™ (ex-European Flax™) and Masters of LINEN™ certifications.

*The Alliance for European Flax-Linen & Hemp is the new name of the CELC, an association founded in 1951. Western Europe is the number one Flax-producing region in the world (France, Belgium, and the Netherlands account for 3/4 of production).*

L'Alliance du Lin et du Chanvre Européens est l'unique organisation européenne agro-industrielle référente à échelle mondiale qui fédère tous les acteurs de la chaîne de valeur du Lin et du Chanvre européens.

L'Alliance du Lin et du Chanvre Européens a une triple mission : informer les membres, les marques et les consommateurs, soutenir l'écosystème et les savoir-faire européens, et promouvoir le Lin et le Chanvre européens, comme fibres durables préférées à travers le monde. Elle réunit plus de 10 000 entreprises à travers 16 pays d'Europe, et articule ses actions autour des valeurs du collectif, de l'innovation, de la validation scientifique et du respect des Hommes et de la planète.

Elle œuvre à la visibilité internationale du Lin et du Chanvre européens dont les qualités techniques et environnementales inspirent la création mondiale, et offrent de nouvelles perspectives à l'innovation industrielle. Elle garantit la traçabilité de la fibre de Lin à travers les certifications Masters of FLAX FIBRE™ (ex-European Flax™) et Masters of LINEN™.

*L'Alliance du Lin et du Chanvre européens est le nouveau nom de la CELC, association créée en 1951. L'Europe de l'Ouest est le premier producteur mondial de fibre de Lin (la France, la Belgique et les Pays-Bas en assurent 3/4 de la production).*

The photographs of the 2025 LOVE LINEN campaign at BHV called «Les Grands Gestes du Lin» were taken in Normandy. Alliance for European Flax-Linen & Hemp would like to thank the Coopérative de Teillage du Plateau du Neubourg for its assistance and support.
