Autumn-Winter 24-25

# Edito

Le Lin s'invite dans les usages en trans-saisonnalité et flirte avec l'hiver. Ses qualités thermo régulatrices sont mises en avant pour élaborer un confort doux et une chaleur sans excès qui répondent parfaitement à des hivers moins froids et des automnes à surprises.

L'automne-hiver 24/25 est placé sous le signe des « Natural skills » du Lin. Les fils et tissus soulignent ses performances naturelles et magnifient ses potentiels tactiles les plus inattendus. Les qualités intrinsèques du Lin - environnementales et physiques - sont transformées en super atouts pour un confort douillet et une douceur protectrice qui font du bien au corps et à l'âme.

Agent indispensable du confort il vise un luxe essentiel et vrai, où l'artifice n'a pas sa place. Le travail des fils est central. Ils incarnent la qualité et le caractère du textile, tandis que les finissages et « maquillages » en surface s'allègent d'autant.

L'équilibre se crée entre un confort COSY INSIDE, une bulle-Lin dans laquelle nous nous blottissons, à l'intérieur, chez nous, dans une maison cocon et un confort chaleureux, WARM OUTSIDE, infusé de performances, pour se protéger avec naturel.

Linen is expanding into mid-season and winter. Its thermo-regulating properties provide for a gentle comfort and just the right amount of warmth, a welcome tool for milder winters and surprising autumns.

Autumn-winter 24/25 is all about Linen's "natural skills". The yarn and fabric highlight its natural performance and unexpected tactile potential. Linen's intrinsic environmental and physical properties have become huge pluses, guaranteeing cosy comfort and protective softness for body and soul.

An important source of comfort, Linen creates essential, authentic luxury, where artifice has no place. The way the yarn is processed is key. Yarn embodies the fabric's quality and character, with very light finishings and no "cosmetic" addition.

This creates a balance between the comfort of COSY INSIDE, a Linen bubble that protects us indoors, at home, in our house-cocoon, and the warm comfort of performance-oriented WARM OUTSIDE, which naturally protects us.

Naturally  
skilled  
for comfort

## About

### Alliance for European Flax-Linen & Hemp

L'Alliance du Lin et du Chanvre Européens est l'unique organisation européenne agro-industrielle référente à échelle mondiale qui fédère tous les acteurs de la chaîne de valeur du Lin et du Chanvre européens.

L'Alliance du Lin et du Chanvre Européens a une triple mission : informer les membres, les marques et les consommateurs, soutenir l'écosystème et les savoir-faire européens, et promouvoir le Lin et le chanvre européens, comme fibres premium durables préférées à travers le monde. Elle réunit plus de 10 000 entreprises à travers 16 pays d'Europe, et articule ses actions autour des valeurs du collectif, de l'innovation, de la validation scientifique et du respect des Hommes et de la planète.

Elle œuvre à la visibilité internationale du Lin et du Chanvre européens dont les qualités techniques et environnementales inspirent la création mondiale, et offrent de nouvelles perspectives à l'innovation industrielle. Elle garantit la traçabilité de la fibre de Lin à travers les certifications European Flax™ et Masters of Linen™.

*L'Alliance du Lin et du Chanvre européens est le nouveau nom de la CELC, association créée en 1951.*

*L'Europe de l'Ouest est le premier producteur mondial de fibre de Lin (la France, la Belgique et les Pays-Bas en assurent 3/4 de la production).*

The Alliance for European Flax-Linen & Hemp is the only European agro-industrial organization that serves as a global reference and brings together all players in the European Flax-Linen and Hemp value chain.

The Alliance for European Flax-Linen & Hemp has a three-fold mission of informing members, brands, and consumers, supporting the European ecosystem and European expertise, and promoting European Flax-Linen and Hemp as the preferred sustainable premium fibers worldwide. It connects 10,000 businesses in 16 European countries and bases its work on the values of solidarity, innovation, scientific validation, and respect for people and planet.
