

CHANGE LOG

HOW TO BECOME EUROPEAN FLAX™ CERTIFIED? V3.1 VS V3.0

This change log was created to assist in identifying the differences between European Flax™ V3.1 and the previous version V3.0. Changes are identified by color ranking (*see legend below*).

LEGEND:

Identified change between V3.1 and V3.0

	The intent of the requirement has not changed. The requirement has been simplified or reworded for an improved understanding
	New requirement or the requirement has changed in relation to the previous version of the standard.
	Requirement removed.

SECTION	CHANGE TYPE	CHANGE DETAIL
Step 1		Homogenization of term "Scutched Flax Fibres" for consistency
		"Fibre preparation" replaced by "preparation to spinning and/or carding-combing" to reflect changes in European Flax™ Standard v3.1
		Remodeled wording regarding trading activities (exclusively or with subcontracted processing only) to reflect changes in European Flax™ Certification Process v3.1 Article 5.
		Correction of "scutched Flax/Linen products" into "Flax/Linen products" for clarity.
Step 2		Criteria removed on physical possession and trading activities reflecting changes in European Flax™ Certification Process v3.1 Articles 5 & 8.
		Remodeled wording regarding audit type for trading activities (exclusively or with subcontracted processing only) to reflect changes in European Flax™ Certification Process v3.1 Articles 5 & 8.
		Harmonization of terms for activities submitted to composition tests for consistency as per European Flax™ Standard C.3.2. a.
